# It is all about water...

**Water and sanitation related diseases**

- Diarrhea
- Gastroenteritis
- Hepatitis
- Poliomyelitis
- Gastritis
- Dysentery
- Urinary infection

Lack of drinking water and hand washing

Pollution of environment

Lack of sanitation

## Situation of Latin America:

- 💧 Poor water quality
- 💧 Heavy metals in water resources
- 💧 Sewage treatment plants not operating or inefficient operation
- 💧 Precarious infrastructure
- 💧 Lack of water legislation
- 💧 No environmental awareness
- 💧 Poor monitoring
- 💧 Lack of compliance and penalties
- 💧 Insufficient research
